Aligner⁺ Pricing and Support Options

Unlimited, Flex, Consulting & Mentoring

With ClearCorrect and Progressive Orthodontic Seminar's Aligner⁺ collaboration, you have more options in treating your aligner patients. Choose exactly what appliances you want and how much instructor support you need to ensure your success.

Aligner⁺ members get added perks! For the same price as ClearCorrect's Unlimited Package, Aligner⁺ members also get initial consulting and appliances.

What's Included In Your Package?				
	UNLIMITED + MENTORING	UNLIMITED + CONSULTING	FLEX + MENTORING	FLEX + CONSULTING
Diagnosis + Treatment Plan	✓	✓	✓	✓
Unlimited Trays [‡] <i>(includes shipping)</i>	✓	✓		
Braces + Wires <i>at setup*</i>	✓	✓		
Braces + Wires <i>at revisions[‡]</i>	✓			
ClearComm Setup Check	✓		✓	
Progress Case Supervision	✓		✓	
Cost [¥]	\$1,765	\$1,565	\$695 + \$35/tray	\$395 + \$35/tray

[‡] As many setups, aligners and retainers needed to treat and retain the teeth of 1 patient for 5 years

* IP brackets and archwires are included, as recommended by your consultant at diagnosis

[‡] IP brackets and archwires are included, as recommended by mentor at diagnosis and revisions

¥ Cost in USD for those in N. America. Prices and availability vary by location. Inquire with a local coordinator.

- CHOOSE YOUR ALIGNER PACKAGE -

For a low upfront cost *Unlimited* covers any aligners you need (including revisions and replacements) for a full five years. Even retainers are included—up to two sets every six months until the five years are up. This is the safest, most predictable option.

For Aligner+ members, you get an added perk! Brackets and archwires are also included in Unlimited if your consultant or mentor thinks they will benefit your case. Consultants can add them to your cart at diagnosis. Mentors can add them at diagnosis or at revision.

Flex lets you pay per appliance (aligner, retainer, bracket, or archwire) for the exact amount of treatment you need—no more, nor less—without squeezing into arbitrary pre-sized bundles.

This is the most affordable upfront cost and can be a good option if you and your patient are prepared to deal with any additional costs that may come up during treatment.

UNLIMITED
Worry-free for five full years

Pay one flat rate for as many aligners and retainers as you need for five full years, including revisions and replacements.

FLEX
Just what the doctor ordered

Get the exact amount of treatment you need—no more, no less—and only pay for what you use.

- CHOOSE LENGTH OF INSTRUCTOR SUPPORT -

Consulting provides you expert instructor support in diagnosing your **case**. Perfect for those that just want initial help with their plan.

If your consultant also suggests brackets or wires during your case, they are included at the time of initial diagnosis if you have chosen the Unlimited Package!

For one upfront cost, *Mentoring* covers expert instructor support through your **case**. Instructors communicate with you in key stages during diagnosis, setup, progress and finishing for up to five years.

If your mentor also suggests brackets or wires, they are included if you have chosen the Unlimited Package! This is available from the mentor at diagnosis *and* revisions during your case as you need them.

CONSULTING

Plan it right from the start

Have an expert instructor support in diagnosing your case

MENTORING

Instructor expertise throughout

Rely on experienced instructor guidance through your case

- CLEARCORRECT PACKAGES - ADDITIONAL DETAILS

Unlimited

You pay one flat rate, which covers as many setups and appliances as you need to treat and retain the teeth of one patient for five full years (the “Unlimited Treatment” period). After Unlimited Treatment expires, you may order additional products at standard Flex prices. Appliances will be delivered in phases of up to 12 steps each, timed to match your patient’s wear schedule.

Flex

If you choose Flex pricing, you’ll pay for each treatment setup you approve and each aligner, retainer, bracket, or archwire that you request.

You’ll need to approve a new setup each time you start or revise treatment. You don’t need to approve a new setup to order retainers or replacements.

Appliances are priced individually, not per step, so treating one arch costs less than treating both arches. ClearCorrect appliances will be delivered in one shipment.

Retainers

Retainers can either be based on a previous step or on new impressions or scans. During Unlimited Treatment, you may order up to two sets of retainers every six months. All other retainers are available at standard Flex prices.

Replacements

During Unlimited treatment, replacement appliances are covered in the initial cost. All other replacements are available at standard Flex prices.

Revisions

If your patient’s teeth do not move as expected, you may request a “revision” for any patient treated with ClearCorrect appliances. A new treatment setup will be created, starting from the current position. Teeth may also be overcorrected upon request. Revisions may be based on new scans or impressions or a previous step. During Unlimited Treatment, revisions are covered in the initial cost. All other revisions are available at standard Flex prices.

- POS INSTRUCTOR SUPPORT - ADDITIONAL DETAILS

Ordering Aligner+ Consulting or Mentoring

Select your treatment preferences and choose a consultant or a mentor on SmileStream.com. Consulting or Mentoring will be paired with the Unlimited Package by default and charged accordingly as this is the most common plan. You can adjust to a different package after you review the treatment recommendation from your consultant or mentor (see different scenarios below).

Brackets Too?

Sometimes certain case types need extra control with a fixed appliance to finish to the orthodontic standard of care. If so, an instructor will recommend the specific brackets and archwires to help you finish nicely (and efficiently).

If you chose the Unlimited Package:

When developing the initial treatment plan, your consultant/mentor may add braces and wires to your cart for \$0. This helps you have everything they predict to start your case right. You can complete check out on these items or combine them with other orders at any time. If you chose Mentoring, mentors can also add brackets and archwires to your cart during the revision stages.

After getting instructor support, what happens if....

Case Is Too Difficult

If consultant/mentor determines you are unlikely to get a good outcome with your treatment preferences and skill level, they will recommend you refer the case. At this time POS refunds your payment minus a \$40 for the consultant's review time.

Patient Rejects Treatment

Let us know within 60 days and POS will refund your payment minus the consulting (\$300) fee for the initial consultation time of the consultant/mentor. If brackets and wires were added to your cart by the consultant, this will be removed or deducted for.

Change to Flex

When submitting for consulting or mentoring, you're enrolled and charged for the Unlimited option. However, if consultant/mentor determines you don't need many trays (33 or less trays if no brackets) - they may recommend that you switch to the Flex plan to save money. If you choose to change from Unlimited to Flex, a refund of the difference will be issued.

Upgrade from Consulting to Mentoring

If you want to upgrade from consulting to mentoring after starting treatment in any plan, you will be charged \$300 and will work with a mentor. If you're in the Unlimited Plan, you will get updated treatment plan appliances, if applicable.

Upgrade from No Initial Instructor Support to Consulting or Mentoring

If after starting treatment you want to get consulting or mentoring, you will be charged \$300 or \$600 respectively for the instructor service. If you're in the Unlimited Plan, you will get updated treatment plan appliances, if applicable.
